Reply To The Applicant's 1.111 Response

Following a recent telephone interview, the Attorney of record or Applicant had

contacted the Examiner and complained or indicated that "Amway" may be infringing on

currently amended and newly added independent claims 21, 33 and 46 respectively and thus, the

Attorney was wondering whether or not prosecution can be expedited. However, the Attorney or

Applicant never discloses such alleged infringing device or system (by referring, for example, to

a specific portion of a written document) pursuant to 37 CFR 1.56. Therefore, the Examiner has

herein issued a rule 1.105 request, as seen above, for the alleged infringing device or system or

the associated document (by citing the relevant portion of the said document) so that the

Examiner can continue with the prosecution of the Application and make a patentability decision

thereof.
